ACKNOWLEDGEMENT

On presenting the Database Management Systems Mini – Project report on “*Bluebay Coffee Database Management*”, I feel great to express my humble feelings of thanks to all those who have helped me directly or indirectly in the successful completion of the project work.

I would like to thank our respected guides **Mr. S. Sathyanarayana**, B.E,M.Sc(IT), M.Tech Assistant Professor, Dept. of CS & E, and **Mrs. Sushma R.B**, B.E., M. Tech Assistant Professor, Dept. of CS & E, who has helped me a lot in completing this task, for their continuous encouragement and guidance throughout the project work.

I would like to thank **Dr. Nirmala Shivanand**, Professor and Head, Dept. of CSE, JNNCE, Shivamogga and **Dr. H. R Mahadevaswamy**, Principal, JNNCE, Shivamogga for all their support and encouragement.

I am grateful to Department of Computer Science and Engineering and our institution Jawaharlal Nehru National College of Engineering and for imparting me the knowledge with which I can do my best.

Finally, I also would like to thank the whole teaching and non-teaching staff of Computer Science and Engineering Dept.

Thanking you all,

Yeshwanth P

ABSTRACT

The Bluebay Coffee Database Management System is a Database projects system that has more efficient, fast, reliable and user friendly. The system has effectively resisted a data loss during Database operation. The coffee database system project will serve a useful approach to enterprises sector to do business operation and it serve a helpful tool for the customers and employee thus provides easy way to purchase variety of products in different categories. Proposed work is precise in the context of operation and less time consuming

To implement this, we strongly design the ER diagram, Scheme Normalization factors. Apart from this we adopted Microsoft Visual Studio 2019, SQL Server Express to develop the user-friendly front-end GUI.
